## 🪪 PROFILE

I consider myself a highly motivated and ambitious person with strong analytical thinking and a data-driven mindset. I am a versatile and cooperative team player who can work efficiently in a fast-paced and multicultural environment. I am always eager to learn and expand my knowledge. My main area of interest is software, but I also have a significant interest in hardware.

## 🎓 EDUCATION

**2022 – 2024**
Novi Sad, Serbia

**Master information technologies and systems**
The Higher Education Technical School of Professional Studies in Novi Sad. ⬈

- *The study program ensures the acquisition of advanced knowledge of the application of modern technologies for the planning, development and testing of desktop, web, and mobile applications of a higher level*

**2019 – 2022**
Novi Sad, Serbia

**Information technologies and system**
The Higher Education Technical School of Professional Studies in Novi Sad ⬈

- *The goal of the study program is the education of staff who will be able to apply the acquired knowledge and actively participate in performing tasks related to the design, exploitation, and maintenance of hardware and software components of computer and information systems.*
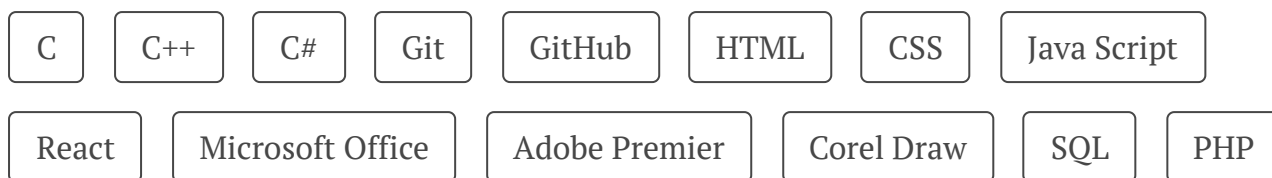

**2015 – 2019**
Sremska Mitrovica, Serbia

**Electrical technician of computers**
Secondary Technical School "Nikola Tesla" in Sremska Mitrovica. ⬈

- *Educational programs aim to educate technicians to work on hardware and software, that is, electrical technicians who deal with the maintenance of the computer's electronics or the implementation of programs on the computer. Students work on the practical application of theoretical knowledge to train them to perform the following tasks:*
- *Working with programming languages (C, C#, C++)*
- Working with databases (SQL)
- Work in programs for simulating the operation of electrical circuits and systems (Electronic, Workbench)

## 🧠 SKILLS

C  C++  C#  Git  GitHub  HTML  CSS  Java Script

React  Microsoft Office  Adobe Premier  Corel Draw  SQL  PHP

## 💼 PROFESSIONAL EXPERIENCE

01/2019 – 03/2019
Sremska Mitrovica,
Serbia

**IT Technician**
Metalfer Steel Mill ⧉

During my professional practice, I worked as an IT technician for three months. I have completed various tasks, such as:

- *Managing Windows, Linux, or Mac systems*

- *Upgrading, installing, and configuring application software and computer hardware*

- *Troubleshooting and providing technical support to employees*

- *Creating and managing system permissions and user accounts*

- *Performing regular security tests and security monitoring*

- *Maintaining networks and network file systems*

## 📁 PROJECTS

**Application for records of agricultural holdings**
Agribusiness incubator, Sremska Mitrovica, Serbia

A Windows form application created using **C#** programming language that is connected to a **Microsoft Access** database. The application is recording data from a local agricultural farm. The application has various functions that include saving, deleting, updating, and displaying data.

**Real estate website**
Real estate agency "Blagojevic", Sremska Mitrovica, Serbia.

I used **WordPress** to create a website for a real estate agency located in Sremska Mitrovica.

**Logo designs**

I have designed logos for several companies and associations located in Sremska Mitrovica. I created it using **CorelDRAW**, which is a software used for graphic design purposes.
